TELECOMMUNICATIONS

Strong Support for All Types of Business

The Integrated Telephone System combines function and design to meet a wide range of business situations. All required functions are designed based on special business specifications and ensure extremely easy operation.

Outstanding Features with Built-In Quality

New business-use ITS

New business-use ITS

To reliably support all business activities, the Integrated Telephone System features a wide range of indispensable functions, a comfortable handset and 2-Step Tilt Angle.

10 One Touch Speed Dial Key

30

10 one-touch speed dial numbers are ideal for storing emergency or frequently dialed numbers. You can also store and retrieve 20 phone numbers for two-touch speed dialing. A total of 30 speed dial numbers will save you searching and dialing time.

Ringer LED for Incoming call

You can confirm incoming calls visually.
Ringer Indicator flashes to indicate there is an incoming call.
Convenient when waiting for a call.

2-Step Tilt Angle

The 2-Step Tilt Angle allows easy adjustment when the telephone is placed on a desk. Careful engineering and design ensure easy use while minimizing user inconvenience.

Wall Mountable

There's no need to worry if you can't find a suitable place to put your KX-TS820.
You can mount it right on the wall for functional use.
